HODGSON'S

IN AND OUTDOOR EQUIPMENT

for your

SUBURBAN OR COUNTRY HOME

THE greatest charm of the Suburban or Country Home is in its surroundings. Simple and attractive furnishings do more to make a home than the dwelling itself. In the country outdoor equipments are about as important as those used for the interior.

In this booklet we are showing practical and attractive equipment that we have selected after some thirty years' experience in this line and feel that they will add much to any suburban or country home.

The outdoor articles are made of materials best suited for outside use and thoroughly painted and ready for immediate use.

These articles can be seen at our Boston and New York show rooms or at our outdoor exhibits.

LATTICE FENCES

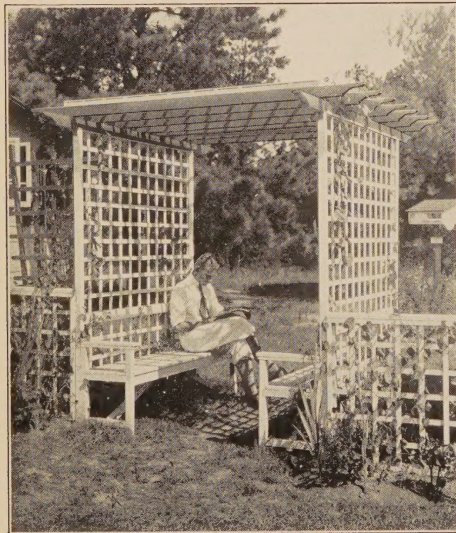

The fence shown here is made of cedar lattice with a strong Oregon pine frame and posts of cedar. It is made to fit any desired space. The posts are set about 3 ft. into the ground and arranged so as to be anchored, holding the fence in perfect alignment.

All our lattice work is dipped in paint, fastened to the frames with galvanized nails, then receives two coats of the best paint.

Pergola Gateway and Lattice Fence

Painted either white or Colonial green. Made 3 ft. high, or any desired height. Price, 3 ft. high, including posts, per lineal foot.....\$1.25

6 x 6 ft. Arbor with Seats

The pergola gateway as shown here is 4 ft. wide, 7 ft. high, with sides 12 inches wide.

The frame is Oregon pine, the lattice cedar, all painted white. Price as gateway\$15.00

If desired wider than 4 ft. add \$2.00 for each foot.

ARBOR WITH SEATS 6 x 6 Ft.

This Arbor is 6 x 6 ft. by 7 ft. high. It is furnished with two six foot seats. It has a bar top and lattice grill to cover the bars, making it desirable to support vines. The frame is made of Oregon pine and the lattice is cedar. Sides, seats and top lattice grill are painted white and the bars a Colonial green. It is very attractive, either used alone or in connection with our lattice fence.

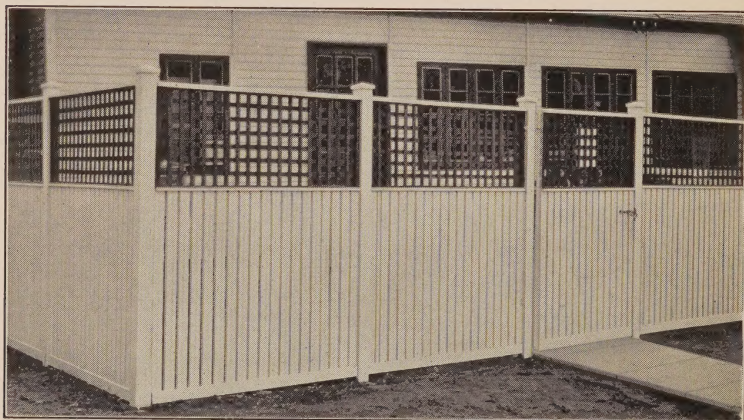

Price, complete with seats\$50.00
Price without seats..\$35.00

Cable Roof Colonial Garden House 8 x 10 ft. Terminal Model

COLONIAL GARDEN HOUSES

On this and the following page are shown our Colonial Garden Houses. One we call the Terminal model as it is generally placed at the end of the garden; the other the Vista model, it being placed in the centre of the garden and open on both sides. In the Terminal we furnish a 10 ft. bench and in the Vista two 8 ft. benches.

One house shows the gable style of roof; the other a hip roof. You may have your choice at the same price for either model.

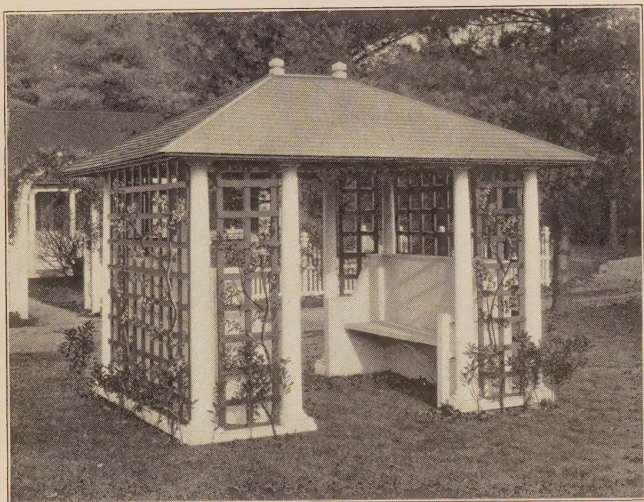

They are furnished with a base plank which is intended to rest on a brick or cement floor which is put in by the owner. On this base plank rests the colonial columns. The roof and all lattice is made of red cedar and will last a life time.

The benches and columns are painted white, the lattice and roof colonial green.

It is constructed in sections which are quickly assembled by the owner.

Price \$150.00

Equipment for Your Country Home

Hip Roof Colonial Garden House 8 x 10 ft. (Vista Model)

This Garden House is the same size as the one shown on the opposite page, the plan and roof being slightly different, the description applying to either model. Price **\$150.00**

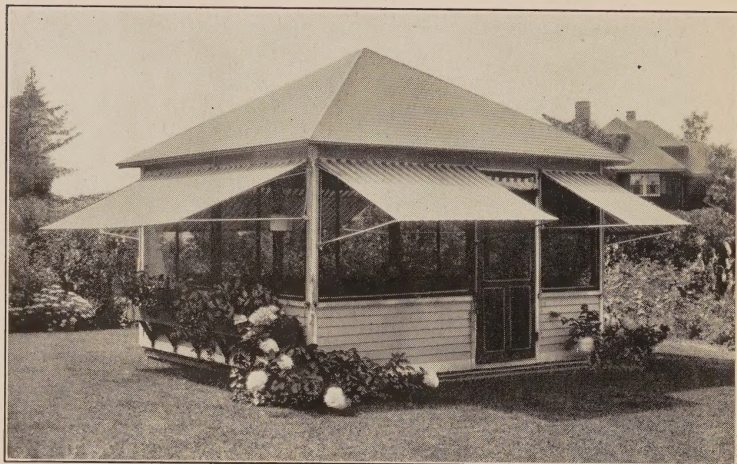

GARDEN SEATS

These seats are made in three sizes: 2, 4 and 6 feet long. Being made of Oregon pine and cedar insures durability to outside exposure. These are well painted; either White or Colonial Green. Prices:

2 ft. seat	\$ 6.00
4 ft. seat	\$ 9.00
6 ft. seat	\$12.00

Equipment for Your Country Home

6 x 6 Caddie Masters' House. Price \$175.00

CADDIE MASTERS' HOUSE

An attractive little house 6 x 6 ft. with one door and three shutters and one shelf. The shutters are a canvas covered frame with adjusters to hold it at any desired height and secured when closed. The door has a good mortised lock. The floor is shellaced and exterior of the house is painted three coats. Can be set up in an hour's time. Price **\$175.00**

No. 2632. Screened Lawn House 8 x 10 ft. Price \$195.00

*Made of Cedar with rift pine floor, neatly painted.
Copper netting*

E. F. Hodgson Co. Specialties

Screened Play House 6 x 6 ft.

SCREENED PLAY HOUSE

Just the place for the baby or small children away from the insects and hot sun. It will save the mother much worry and insure good health to the "kiddies." Made of cedar with a hard pine floor and copper screens. Very attractively painted. Can be set up in an hour's time.

Price \$90.00

STORM CURTAINS

To roll up or drop down to protect the interior from storms or for shade.
Price \$35.00

POOL OR SAND BOX

This pool or sand box is strongly made of enduring cedar, and is lined with galvanized iron so that water can be used in place of sand, which affords fully as much pleasure to the "kiddies" and is much easier obtained. All the woodwork is attractively painted white and green and the "Troy" sunshade is of the same colors. The wide top edge furnishes a comfortable seating place while at play.

Price complete as shown . . . \$28.00

Price without sunshade . . . \$18.00

Pool or Sand Box 3 x 3 ft.

Equipment for Your Country Home

PLAY HOUSES

This little house is neatly made of red cedar—attractively painted outside, stained inside, and has a hard pine floor shellaced. Useful as a play house or for storage of garden tools, baby carriage, bicycle, etc.

The play house shown below is made the same as our cottages—of cedar, lined, interior stained, exterior well painted, hard pine floor shellaced. It can be used throughout the year. It has diamond case-ment windows and a French glass door.

Play or Utility House 6 x 6 ft. Price \$95.00

Hodgson Portable Play House 8 x 12 ft. Price \$295.00
Includes two porch seats

E. F. Hodgson Co. Specialties

CEDAR BOATS

These boats are made in two sizes, one for the children, the other for the fellow who likes to go fishing with a boat that is easily carried on the running board of an auto. Both are made of clear cedar, put together with galvanized nails, and well painted. They are light in weight and easily handled, yet durable and will last for years.

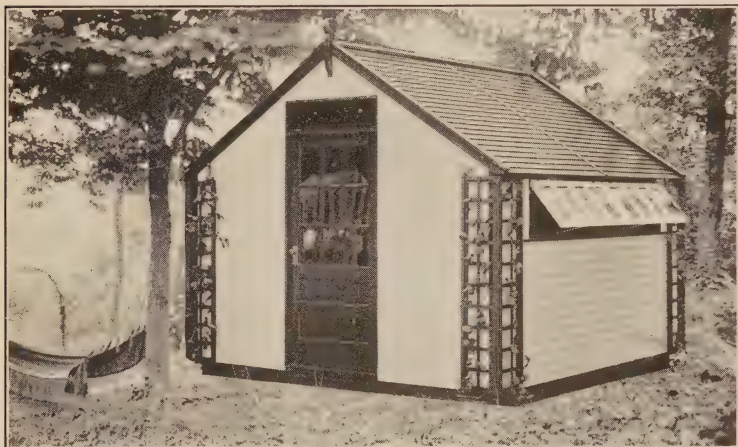

**No. 1 is 2 x 6 ft.,
Price \$15.00**

**No. 2 is 3 x 8 ft.,
Price \$25.00**

Equipment for Your Country Home

10 x 10 ft. Camp or Utility House. Price \$220.00

THIS very practical little portable house is used for many purposes. For a boy's or woodsman's camp; a gardener's tool house; carpenter's or repair shop; a kitchen for large camp; handy place to store bicycles, carriages, screens, outdoor furniture, etc.

It is 10 x 10 ft. with a window in one end and side, and a door as shown in the picture. Our metal chimney pro-

As a Camp

vides a safe and practical way to use a wood or coal stove at little cost. This booklet shows this chimney on page 24.

As a Tool House

E. F. Hodgson Co. Specialties

Camp House No. 2527—8 x 8 ft. with Porch 6 x 8 ft. Price \$220.00

HODGSON PORTABLE CAMP HOUSES

THESE camp houses have screened openings, the openings being protected by canvas covered frames that are adjustable from the inside, and held at any point from wide open to closed tight and fastened. The roofs and sides are of cedar, and the floors hard pine. Outside panel doors with mortised locks and brass hardware are used. The exterior is treated on the sides with Cabot's brown stain, and the roofs a moss green.

They are very durable and can be left standing throughout the year without the slightest danger from heavy snow storms.

These camps are made in 6 x 12 ft. units similar to our cottages. The partitions are canvas curtain to slide on wires. The curtains are all 6 x 7 ft., and as many as desired can be used. All curtains are the height of the side walls. Each house has a few lights of glass in addition to the canvas shutters giving plenty of light inside when the shutters are closed.

HODGSON BIRD HOUSES

Our bird houses are attractive and practical. Being well made of red cedar, and well painted, they will last for years. They can be easily opened up for spring house cleaning, which should be done each season before nesting time. Many of the larger bird houses represent the several types of old New England homesteads so well known and appreciated, and add much to the attractiveness of any grounds. These are the first five houses shown and are for Martins.

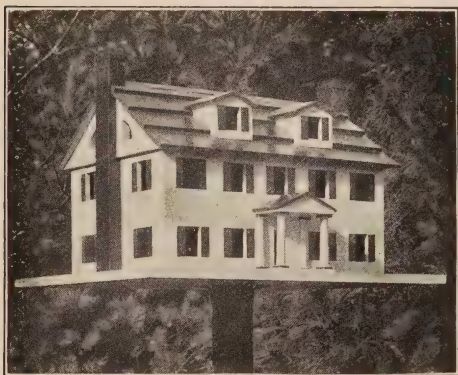

Dutch Colonial Bird House

24 x 40 inches—32 rooms—16 ft. Pole—Price \$36.00

ATTRACTING THE WILD BIRDS

Up to within recent times many who provided care, food and shelter to our wild birds did so from humanitarian motives and the pleasure to be had from having them in their grounds and around their homes.

Equipment for Your Country Home

Colonial Bird House—Price \$30.00
26 x 33 inches—28 rooms—16 ft. Pole

In winter we have only to offer food to the birds to attract them. Shelter and protection will keep them. In summer they must have protection and a home—nature will provide food in the summer, which consists mainly of insects, bugs and worms.

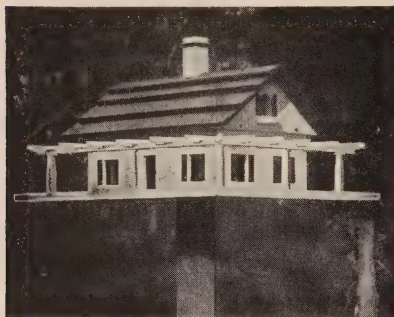

They must have a place to drink and bathe both in summer and winter. Birds long absent from a neighborhood will find their way back soon after provisions for their comfort are made. There is no bird that can be so readily increased in number, in many localities, by putting up nesting houses for them, as can the purple martin. But the list of birds that can usually be attracted to our homes in the northeastern and middle states is long and varied, and

But today we are realizing more and more the great value of the wild birds in protecting our shrubs, trees, orchards, crops, etc., from the awful horde of insect pests which invade our gardens and cause losses of untold amounts each year; and so the wild birds are now most enthusiastically catered to and sought after creatures.

Martin Special—Price \$20.00
18 x 21 inches—6 large rooms (for pairs)
20 ft. Pole—Can be set on a high building.
Price without Pole \$14.00

E. F. Hodgson Co. Specialties

Bungalow Bird House—6 rooms with 16 ft. pole
Price \$15.00—Size 24 x 23 inches in-
 cluding porch

space near dwellings, but not within twenty feet of trees; blue bird houses in orchards having scattered trees; wrens like to build their homes in houses placed in shrubbery; the well-loved robin likes to find her open nesting box in the large spreading tree, under the eaves of porches, or in a chimney

includes blue birds, wrens, red winged black birds, cat birds, fly catchers, chickadees, flickers, cardinal birds, finches, juncos, nut-hatches, kingbirds, orioles, scarlet tanagers, thrushes, warblers, and others equally well known.

The placing of your bird houses and food shelters has much to do with their success. Houses for the sociable martins are usually placed in an open

corner; nuthatches and most of the woodpeckers prefer to have their homes in the woods, although the friendly flicker and red-headed woodpecker like to nest in houses placed among scattered trees; swallows nest in open spaces; crested flycatchers, chickadees, finches are not particular, but will build where most convenient.

Equipment for Your Country Home

No. 5. Wren House

**2 Rooms—10 ft. pole
For Blue Birds, Wrens, Tree and
Barn Swallows—Price \$3.00**

**Robin's Nest
\$1.50—\$15.00 per dozen**

Care should be taken to face the houses away from the prevailing stormy weather winds.

The homing instinct is strongly developed in birds and many may be relied upon to return season after season to enjoy the same comforts and protection afforded them by their human friends.

The houses should be thoroughly cleaned out each year before the birds are ready for nesting.

No. 6. Blue Bird House

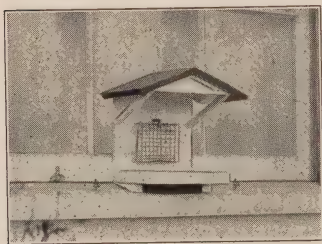

**For Blue Birds, Wrens, Tree and
Barn Swallows
4 Rooms, 10 ft. Pole
Price \$6.00**

E. F. Hodgson Co. Specialties

The birds can get along very comfortably in summer without seeking food from their human friends, but in winter, when the frozen insects, eggs, seeds of weeds, etc., on which they naturally feed, are covered by snow, it is essential that food be placed where they can find it else many of them will perish.

We are often asked what to feed the birds. Almost anything eatable will keep them from starving. They like cracked corn, cracked rice, grain, scratch feed, bread crumbs, chaff from the barn floor, hemp and sunflower seeds, mixed bird seeds, etc. Nut meats are eagerly taken; also suet and fats of all kinds.

Try coaxing some of the birds to feed from your window sills, using our window feed and suet shelters. It will surprise you to see how tame they will become, especially the chickadees and nuthatches. By offering them a broken nut, a piece of doughnut, some suet, many people can coax these birds to feed from their hand regularly each day.

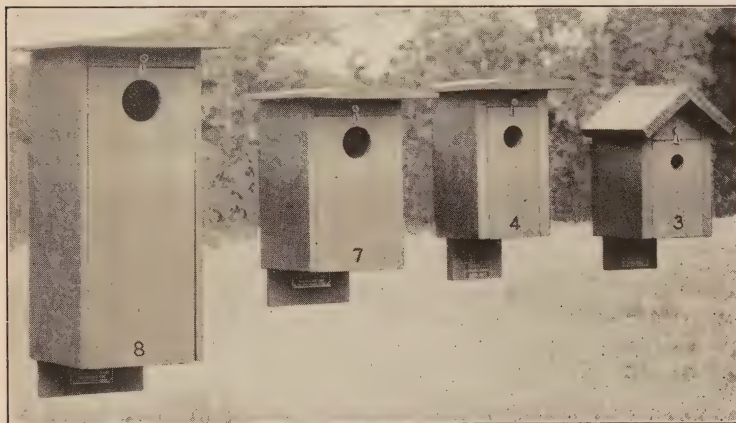

Window Feed and Suet Box
Price \$1.50—\$15.00 per doz.

Revolving Feed Box with 7 ft. pole.
Size 24 x 36 inches—Price \$8.00

Protect the wild birds, feed them, house them, water them, and in doing this you are carrying on a fine work that will return to you payment a hundred fold.

Setting and Brooding Coop

Setting Coop with extended Yard and Shelter. For a setting hen and to brood her chicks. Also a good rabbit or guinea pig hutch.

Price complete, \$10.50

This coop is in three parts, the coop with a two-foot yard, an extended yard four feet long that is detachable, and a shelter board for protection from sun and storms. Price of coop, \$5.75. Extended Yard, \$3.50, Shelter Board, \$1.25, Total, \$10.50. Size about 2 x 8 feet.

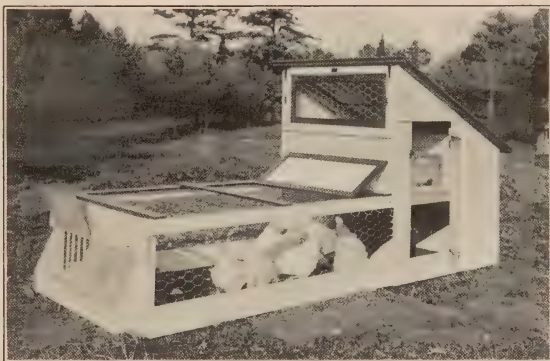

Colony Coop

Size 3 x 6 ft. 40 Chicks
" 3 x 3 ft. 20 "

Price, \$20.00
" 15.00

Colony Coop is fitted with a floor and two six ft. roosts, giving ample room for 40 growing chickens or ducks. They are kept in this coop until ready for laying quarters. The open netting front is fitted with canvas covers. Made of red cedar with a corrugated red cedar roof, neatly painted or stained. A 6 x 8 YARD with hinged top for the large coop, \$11.00, or one 3 x 8 ft. for the small coop, \$8.25.

Equipment for Your Country Home

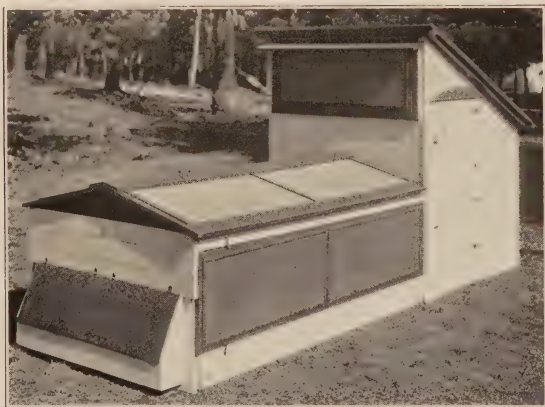

Colony Laying House No. 0

Capacity 12 Hens

Price, \$35.00

This complete laying house for twelve hens has an upper laying and roosting room, and a lower scratching shed and yard. It is complete with nests, roosts, water dish, feeder; in fact everything ready for the hens. It is neatly painted or stained and can be key bolted together in a few minutes by anyone. Size including yard—4 x 10 ft. x 5 ft. high. Weight 250 lbs.

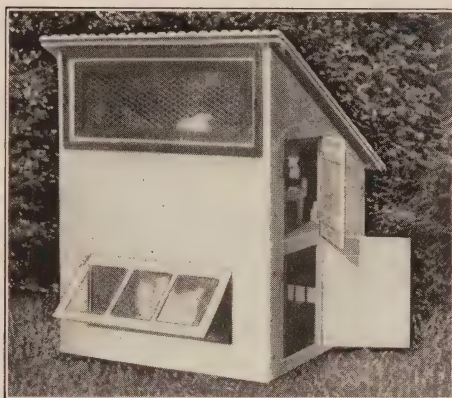

No. 0 House with Protected Yard

A metal roof, hinged to open and frames covered with Cel-o-Glass to button over each side of the yard gives perfect protection to the yard during the most severe storms, summer or winter.

This adds \$12.00 to the above price.

E. F. Hodgson Co. Specialties

***Colony Laying House
No. 1***

Size 4 x 4 ft. 5 ft. high

Price, \$30.00

Capacity 8 to 12 hens

This No. 1 house is similar to No. 0, having an upper laying and roosting room and a lower scratching shed. It is neatly painted or stained and can be key bolted together in a few minutes—ready for use. It is easily kept clean and attended to from outside. The hens will lay unusually well with little care.

***Colony Laying
House No. 2***

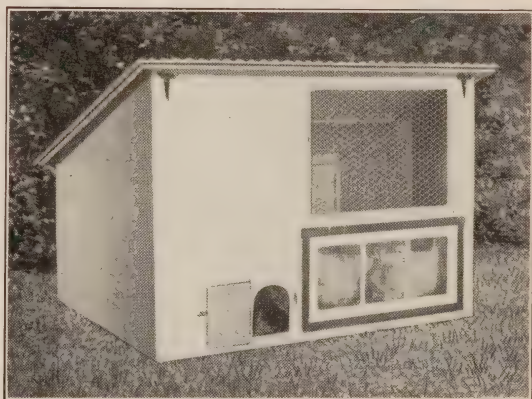

Size 4 x 6 ft.

For 8 hens.

Price \$25.00

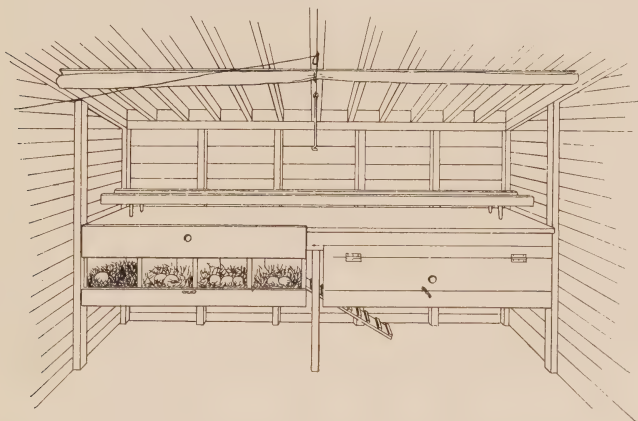

***A 6 x 8 ft.
covered yard,***

\$11.00

This No. 2 house is large enough for eight hens and they will lay well kept in confinement, especially during the winter. It is very convenient to care for, and has several very attractive features. The roof is hinged to open, giving access to the interior. It is made in sections, is well painted or stained and can be bolted together in a few minutes by anyone. It is warm, well lighted and ventilated.

Equipment for Your Country Home

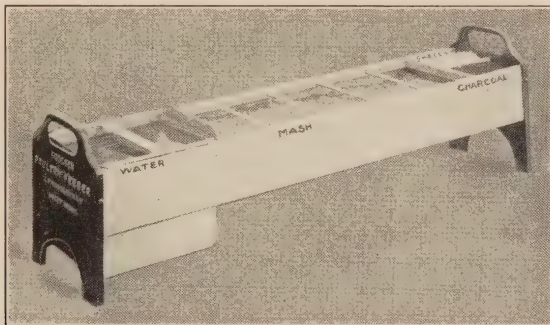

Interior No. 3, 4, 5 Poultry houses. All parts removable. A feeder is included. The drop curtain for cold climates is extra. Curtains to drop down over front of dropping board if desired cost
for No. 3 house \$3.50 No. 4 house \$5.00 No. 5 house \$2.50

Poultry Houses No. 3, 4, 5 as shown on the next three pages

Our Poultry Houses are fitted with up-to-date appliances, conveniently arranged, and in a most sanitary form. These fittings are detachable for a thorough cleaning or to make the pen ready for other purposes.

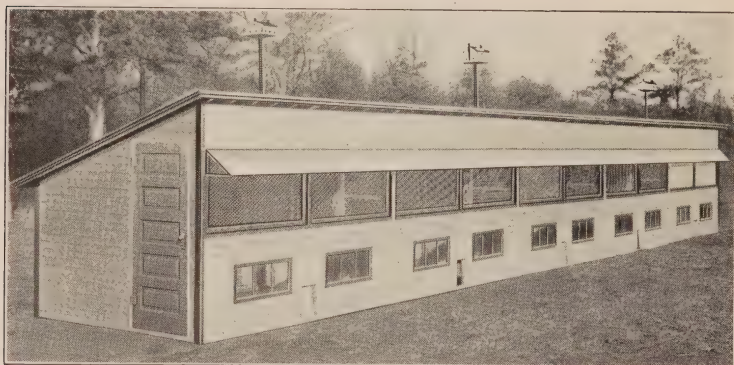

Cedar is used in these houses, a wood that will not be infected by vermin. All the lumber used is treated with creosote preservative, increasing its durability and sanitary qualities. It is the attention we give to these details that has made the Hodgson Poultry Houses so satisfactory to their owners.

Poultry Feeder

*Furnished with No. 3, 4, 5 Poultry Houses
 A complete feeding and watering cabinet for 40 hens
 Price alone, \$5.00*

E. F. Hodgson Co. Specialties

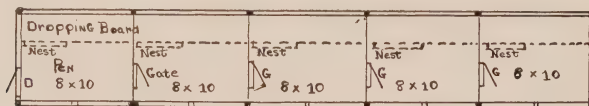

No. 3 Laying House, Five Units

Size 8 x 50 ft.

Capacity 150 hens

Made in Units or Pens 8 x 10 ft. each.

Plan 8 x 50 ft. No. 3 house with 5 pens, each 8 x 10 ft.

LAYING HOUSE NO. 3

A Unit System is used so that additional units can be added at will, partitions being furnished to divide the units into pens. Each pen is furnished complete with nests, roosts, feeders, fountain, etc. They are made of a few sections that are quickly erected by means of our special key bolts.

The exterior is painted two coats, the interior is treated with a vermin proof disinfectant. For interior fittings see page 37.

About one-half of the front of the house is netting protected by a canvas storm frame that is hinged to hook up inside of the roof, this being the most up-to-date arrangement for a fresh air house. Sash are under screen for light.

8 x 10 ft. House	(1 pen)	\$170.00
8 x 20 " "	(2 pens)	290.00
8 x 30 " "	(3 pens)	410.00
8 x 40 " "	(4 pens)	530.00
8 x 50 " "	(5 pens)	650.00

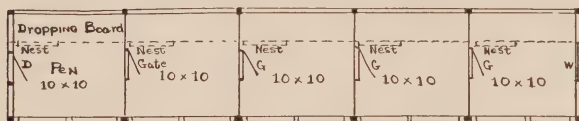

Capacity 30 hens per pen.

Wooden Floors \$24.00 per unit extra

Equipment for Your Country Home

No. 4 Laying House
5 Units 10 x 50 ft. Capacity 200 hens

Plan No. 4—5 Units or Pens

LAYING HOUSE NO. 4

Unit System—Can be added to

A UNIT SYSTEM of construction is used in these houses making it possible to increase their size at any time. The floor plan shows a five unit house, although any number of units can be added at will. The five unit house is the most popular, and with good care, 200 laying hens will give excellent results in this house. See interior fittings on page 37.

Each unit is made up of from four to six sections which are fastened together with our special key bolts, so that two inexperienced men can easily set up a five unit building (10 x 50 feet) in a day's time.

THE BILTMORE

NEW YORK

JOHN MCENTEE BOWMAN
PRESIDENT

Private Office.

*E. F. Hodgson Co.,
1108 Commonwealth Avenue,
Boston.*

Gentlemen—

I have often thought that the man who designed and developed the Hodgson Portable House should be decorated as a special benefactor of mankind and had he lived in any other country but America, I believe he would have been.

I have been using the Hodgson Houses for years, both in Maine and in Westchester County and each Spring I marvel how they have withstood the blasting winters they have gone thru. Each one in particular seems to defy the elements and when you realize that both of these climates are very hard during the winter months and that after many years not even a stain of melting snow has come thru, you can realize how well they are constructed and put together.

One house in particular has been used by me for over several years, part of that time as a playhouse for my little girl, but it became too small for her so I purchased a larger Hodgson House for her and turned the other one over for a tool house and there it will probably stay doing good service and no doubt outlast both the gardener and myself.

I have also used these houses at the kennels at Goldens Bridge and I am now erecting them for the chauffeur and the help at Stone Hedge. I do not know just how they were developed but I will say that they are the nearest thing to perfection in their line, or the nearest thing to 100%, plus that I know of.

Very truly yours,

JOHN MCENTEE BOWMAN.

THE TWO EXTREMES

LABRADOR

International Grenfell Association, Indian Harbor, Labrador

"I am not in the habit of writing testimonials, but your portable cottage, which you sold me six years ago, has stood rather an exceptional test, I imagine, and it seems only fair to acknowledge it.

"It stands on a little rocky eminence about 120 feet above the harbor level. The site was chosen because of the superb view of the harbor and bay rather than for shelter, and a good deal of risk to the building was thereby involved.

"The strength and endurance of so light a building is really amazing. While we only reside in it some four months each year, as our winter headquarters are 140 miles up the bay, it has always been a real pleasure to come back to it and a certain amount of initial trepidation, when the full fury of a storm was felt, has given way to a confidence arising from the conviction that no harder test is possible than some of those experiences during the last six years."

(Dr.) H. L. PADDON.

FLORIDA

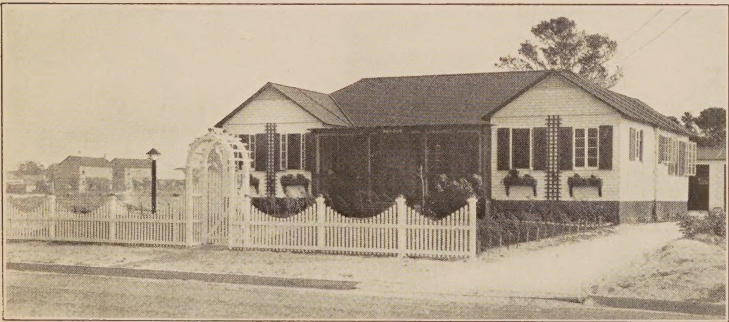

Hurricane of September, 1926

"The Hodgson Portable Cottage erected by you for me on Bradenton Beach, Gulf of Mexico, went through the terrible hurricane of September 17th and 18th without any damage of any kind. This is remarkable when I relate that cement brick business places on the beach were seriously damaged, the bricks or blocks being blown out of their places.

"The cottage was not only not damaged in the least, but nothing in it was hurt, and the clothing and beds and all furniture were entirely dry on the afternoon of the 18th, indicating that water had not leaked in.

"I know of no more severe test that a structure could be put to than this hurricane, the worst in the history of this State or perhaps of the South, and this cottage was entirely exposed without any wind breaks, or any other buildings near it to protect or shield it."

FRED T. SAUSSY, Bradenton, Fla.
